## EPH LILLARD TAKES HIS OWN LIFE AT DANVILLE

### Boyle Representative Who Voted For Bradley for Senator Shoots Himself In Head At His Home

The suicide of Col. E. W. Lillard at Danville Wednesday shocked everyone in this part of the state. A dispatch from Danville to the Courier Journal Thursday morning told the following story of the unfortunate affair:

Col. E. W. Lillard, former Representative in the Legislature, from Boyle county, committed suicide this afternoon by shooting himself in the head at his home on South Second street. As a member of the legislature he gained wide notice with three other Democrats who refused to vote for Gov. J. C. W. Beckham for United States Senator, and voted for the late W. O. Bradley, who was elected. He left nothing to indicate what actuated him in his tragic act. He used a 32-calibre revolver and only one shot was fired.

After Senator Bradley took his seat Col. Lillard was appointed his private secretary and served in that capacity until Senator Bradley's death, some months ago. The residence in this city had been rented and Col. Lillard and family had been living with his brother-in-law, Prof. Rupley, at Burgin since their return from Washington. They had resided in the attic in their residence and Col. Lillard took his life in the attic. He drove to Danville today with S. J. Nooe and spent the morning attending to business matters and calling on old acquaintances. About 1:30 o'clock he went to his residence and told the occupants that he desired to go to the attic. He had left word for Nooe to call for him about 2 o'clock.

Mr. Nooe went at the appointed time and waited an hour and then drove up in town, waited a while and returned.

Col. Lillard still had not come down and Nooe made an investigation. He found Lillard seated upon the bed with his spectacles in one hand and a revolver in the other hand and a bullet hole in his head. No one in the large house had heard the shot. The deed must have been committed as soon as he entered the room, as he had on his overcoat and nothing had been moved so far as could be detected. Nooe sounded the alarm and a great crowd soon gathered. Coroner Zimmerman immediately took charge of the body and held an inquest, the verdict being that Col. Lillard had taken his own life by shooting himself.

Prior to his election to the Legislature, Lillard was a leader of local Democratic politics and had served several years as a Colonel in the Kentucky militia. After he voted for Bradley, many of his old associates deserted him and since his return to Danville it had been observed that he was very despondent at times although it was not thought that he would take his life.

Col. Lillard was a native of Lewisburg, Anderson county, and was prominently connected in Central Kentucky. Prior to locating in Danville, about twenty years ago, he was engaged in the drug business in Lancaster. His wife was at the home of Prof. Rupley, in Burgin, when the tragedy occurred. She was notified by telephone and came to Danville at once. Col. Lillard is survived by his wife and three children: Stout Lillard, Orlando, Fla., Mrs. John French, of Atlanta, Ga., and Mrs. George Harrison Craddock, of Washington City. He was about 55 years old.

The other three Democrats who with Col. Lillard voted for W. O. Bradley in the memorable 1908 session of the Kentucky Legislature, resulting in the election of Bradley to the United States Senate over J. C. W. Beckham, February 28 of that year were H. S. McNutt and Albert H. Charlton and Representative Chris Muller, all of Louisville.

Elected a member of the Legislature from Boyle county, strong pressure was brought upon Col. Lillard by Democrats of Danville in the hope of inducing him to change his mind, but he stood fast. Feeling against him ran high in Boyle, and finally, after he cast his vote for Bradley, he was burned in effigy.

After Senator Bradley took office as United States Senator he appointed Col. Lillard his secretary, and the latter served in that capacity until the death of Senator Bradley last summer.

After he had returned to Danville from Washington there was talk to the effect that Col. Lillard intended to return to Washington and engage in the drug business there. He denied the rumor only recently assuring that if he ever entered business again it would be in his native State.

### Things Improving In The South

"Things are looking better in the South," said Col. T. G. Rankin, who returned from Granville, Ga., a few days ago. "People have gotten down to business methods there and are paying as they go, and as a consequence things are brightening up," he added. Mr. Rankin sold 25 or 30 mules while there and confesses that he got "living prices" for them. He says his partner at Granville, a Mr. Hopson, wired him this week to send more mules down, and he considers that as meaning that the market has improved since he left. For nearly 30 years Mr. Rankin has been selling mules at Newnan and Granville and he is about as much at home at either of those places as he is in his home section, where he knows everybody.

### Scalded by Hot Coffee

The little two-year-old son of Walker McElfresh, near Milledgeville was very badly scalded early in the week when he pulled a coffee pot full of hot coffee over on him. The little fellow's neck and left arm were badly injured, and he is being given treatment by Dr. M. Lee Pipes of Moreland, and is doing nicely now.

Gov. McCreary refused finally to pardon Barker Alexander, of Paris.

### KIDD'S STORE

Miss Mary Minola, first daughter is a plump Valentine just added to pleasures and perplexities of her parents, Minnie and Sam Campbell.

Miss Mary Ophelia Jeffers has been quite an interesting and decidedly inquisitive guest of her grandparents for nearly a week.

Henry Thomas, of Casey News, stopped here to take a few final, inspiring inspirations of old Casey's ozone before proceeding to Porkopolis for a few days relaxation and recuperation.

Grippe got a grip on Col. John Stapp which kept him latibilizing till the groundhog heralded close of winter, and bluebirds and robins have begun rehearsing their spring symphonies.

Too much mud for boats and too much water for mudsheds, our mail carriers were investigating aircraft to find a solution to difficulty of making schedule time with half a day's grace, but Cleon Camden bridged enough of the sloughs of the furred, and filled enough of the chasms, around which portages had to be made, to enable continuance of service with only an hour's extension of the limit. A few more drying days our pikes will possibly be good as some of our worst mud roads.

Miss Pearl Gaddis and Clarence Reburn declined to invite chaffing and a charivari by having their banns discussed, and again the city was thrilled by announcement of an unsuspected wedding.

Proprietor of one of our department stores generously distributed beautiful souvenir plates among customers. Supply was out when a bachelor friend asked for his "You're not married, you have no use for plates" was all the comfort then offered. "I may be soon" was met with a derisive: "When you (especially emphasis on you) marry I will give you a whole set." Within a week when driving by the emporium he hailed the boss with: "Have those plates wrapped up." Next day groom and bride halted their auto at front door and called for the plates. The fresh proprietor had ordered something special.

News has just reached us that Captain Henry Ryder died second inst. at his daughter, Mrs. Sarah Gastineau's, Savonburg, Kansas. He had just entered 99th year. Till lately an extraordinary vigor, able to exceed the young and robust farmer at all the farmer's hardest jobs. Captain Ryder was a sailor in his young days before steamships became the vogue and twice sailed around the world. He was interesting as a book of travel in narrative and had many thrilling experiences. He was always genial, always cheerful as a boy, and a neighbor in all the word implies. "We shall never see his like again."

The town was thrown into panic by clang of curfew at 9 A. M. when alarm was sounded that "Uncle Joe" was lost. Joe Napier, colored, is the only pioneer of the town alive and in his extreme old age is a "child again." He wandered a mile through woods before missed and every pitfall was being searched when Governor Kiffie decoyed him home and searching party called in.

Forsooth and a damsels, grotesquely garbed—top in trousers and masked, gave the town the sensation of its life by dashing around a corner and parading along the entire business section of Main street, unrecognized and unsuspected by most intimate acquaintances and even nearest kin. An impromptu Mardi Gras freak. Look out for report of floats and Rex and retinue next time.

The old Reuben's thoughts are of garden, now.

### SAYS STORY WAS A FRAME-UP

West Virginia Negro Now Says Detective Was After Reward.

The mix-up over the mystery of who killed the little white girl Zelma Young at Danville, has assumed a remarkable turn. John Walker, the West Virginia negro, who swore on examining trial that the other negro John Price, confessed to him that he did the killing, now says that the whole story was a frame-up, and that there is no foundation for his story except that he and the detective who arrested the negroes, wanted to get the reward. The Danville Advocate this week printed this story of this unusual development:

The negro, John Walker, who was first arrested charged with being implicated in the murder of little Zelma Young and who is alleged to have confessed when arrested, sent for a reporter of the Advocate and told the following story:

"All I want to say is that the examining court was not so. I have lied through my teeth to say what Detective Morris told me to say. He promised me \$50, a ticket home, a suit of clothes and a job working for him I never saw John Price until about a week ago. I told an awful lie on him. I am sick and tired of people coming up and looking at me as if I killed her when I know nothing about it. I am in this trouble now, but I intend to tell the truth from this time on."

Walker was greatly excited when talking of the case and was in very low spirits. He cried bitterly and said that he wished he had never got mixed up in the trouble. Afterwards he told his story to several and looked somewhat relieved after his confession which he said he was willing to swear to. He said that the detective had "played a damn dirty trick on him by getting him into such a position."

Opinion is divided as to which statement of Walker is correct. Some think that he is falsifying in making this confession, while others believe that he is now telling the truth. Most everyone is loath to believe that any detective would resort to such tactics for the sake of the reward. A full investigation is being made, and the public can rest assured that the whole truth will be brought out. If the detective is guilty he should be dealt with as severely as allowed by law. It is not likely that anything can be done until the meeting of the grand jury, as both negroes have been held over from their examining trial. Walker's statement came as a sensation. It was wholly unexpected.

### H. G. Skiles Elected Cashier at C. O.

At a meeting of the directors of the Crab Orchard Banking Co., held Wednesday afternoon, H. G. Skiles, of Seymour, Ind., was elected cashier to succeed J. Carroll Bailey, who has held that position so acceptably for the past eight years. Mr. Skiles is at present in the insurance business in the Hoosier State, but has had considerable experience in bank work, having been connected with banking institutions in the State and under his father, who was a captain of the People's State Bank at Frankfort. Mr. Skiles is 31 years old and has a family of wife and two children. There were 23 applicants for the position of cashier but only 14 names went before the board, the other nine having retired before the final fight. Mr. Skiles will arrive with his family between the 15th and 20th of March, when the former will move to Stanford and look after his interests in the firm of McRoberts & Bailey.

### Sold Bloodhounds

Marshall Herring, of Hustonville, sold to the city of Danville a pair of English bloodhounds for a fancy price. They are male and female and are two and a half years old; well trained and to quote Mr. Herring, "will deliver the goods." Mr. Herring has been very successful in raising bloodhounds and in training fugitives with them.

Eighteen-year-old Pattie Hampton of Madison, started a fire with coal oil. Her clothing caught fire and she was turned to death.

Caroline Combs, of Winchester, was fined \$50 and disfranchised for two years for carrying concealed weapons.

J. C. Stewart, an habitual "cold-check" giver, was given two years by the Bell Circuit court.

A "wet" Republican was elected Speaker of the Illinois House of Representatives after a deadlock that began January 6.

### FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent Bottle of Danderine Right Now—Also Stops Itching Scalp

Thin, brittle, colorless and scraggly hair is mute evidence of a neglected scalp; or dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverish and itchy scalp, which if not removed causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to night—now—an time—will surely stop your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

A man from Danville here this week was talking about the bad roads this winter and declared that he had never known a time when there was more general complaint over conditions. A long spell of wintry weather and heavy hauling by tobacco wagons to Danville had cut them up greatly. Automobles have practically been given up.

Dr. Jackson, the well known surgeon of Danville, Casey county, performed an operation, and he had to get there immediately went to the hospital. He drove in his car via Hustonville to Mt. Salem, and the ice to Mt. Salem, near the Casey line. A double team buggy met him there and carried him to his destination, and brought him back to that point.

When the doctor got back to Danville, he had to put his car in a garage for repairs and the bill for damage caused by the bad roads was \$65.

### Heard About Town

L. A. Tankersley, of Lancaster, has taken a position in Ed. Wilkinson's barber shop.

Hill Spalding, of Danville, District agent of the Union Central Fire Insurance Company, was here with Local Agent C. Hayes Foster Wednesday.

The I. J. has received another sack of garden seed and a sack of flower seeds from Senator Ollie M. James and will be glad to give them to its friends as long as they last.

Dr. C. M. Thompson, of King's Mountain, who has been attending a series of special lectures and clinics at a big hospital in Cincinnati, has about concluded his work there and will return home next week.

Josiah Marce and son, R. V. Marce, returned Thursday from a prospecting trip through Indiana. We saw some good deal of good land and a great deal that was not so good, but none of it pleased us quite so well as that of this section of the State," said the first-named. The trip will make Messrs. Marce better satisfied to remain in Lincoln county.

G. H. Masters and handsome little son, Charlie Masters, were here from McKinney Thursday. The former told the I. J. that McKinney now has a Temple of Thespes. It is known as McKinney Amusement Hall and is a well-equipped little theatre, with a good-sized stage and seating capacity enough to accommodate several hundred. Mr. Masters is manager of the enterprise, which is owned jointly by him and his son.

On Saturday evening, Mr. Trostle, the gave the following helpful rules for Christian living:

1. Never do that which is inconsistent with the Christian's profession.

2. Never do that which the world counts as inconsistent with Christian living.

3. Never do anything to cause a weaker brother to stumble.

4. Never go where you cannot take Christ with you.

5. Never go where you will have to hide your light.

On Tuesday two strong sermons were delivered. In the afternoon Mr. Trostle's subject was the "Winnessomeness of Jesus," a quality which was so fully recognized that it was said of Him, "He hath done all things well." This character so perfectly exhibited in the life of Jesus and so attractive in all who manifest it, Mr. Trostle affirmed to be composed largely of a combination of simplicity and purity.

Tuesday night a soul-stirring sermon was preached on the words of Jesus to the rich young man who wanted to know how to possess the more abundant life. "One thing thou lackest."

On Wednesday afternoon the pupils of the city schools marched to the church and filled the middle block of pews. Mr. Trostle had a good audience.

County Attorney Rodman of Mercer county, was in court here Thursday, and his presence in the race for Commonwealth's Attorney, was a great attraction for the community.

Circuit Clerk R. G. Price, of Boyle county, and Circuit Clerk Casey Alcorn of Mercer were here in court Thursday, the former as a witness for the Commonwealth in the case against the Southern Express Company, and the latter more as a spectator than anything else. Price is returning from politics and is not a candidate for re-election as clerk. Mr. Alcorn has no opposition for re-election in his county, and those who know him and his popularity say that there would be no use of anyone running against him anyway, he is such a splendid official and popular democrat.

Enclosing a check to for his I. J. Rev. J. H. Pence, formerly of this county but now pastor of Grace M. E. church at Clayton, Ill., says: "The Interior Journal is the newest and best paper in the United States I enjoy every line in it and read it through and through the moment I get it. It grows better with age. Keep up the good work and never let me paper stop. I must have it no matter the cost." Further in his interesting and greatly appreciated letter Dr. Pence congratulates this paper on the stand it took concerning Senator Camden's recent vote and about which the least said the better for the party. He encloses a picture of his church, which shows it to be an exceedingly handsome and modern edifice.

#### POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary, August 7th, 1915.

For Circuit Judge  
C. A. HARDIN, of Mercer county.  
CHAS. C. FOX, of Boyle county.

For Commonwealth's Attorney  
E. V. PURYEAR, of Boyle county.  
R. W. KEENON, of Mercer county.

J. S. OWSLEY, JR., Lincoln county.

For Railroad Commissioner  
WM. F. KLAIR, of Fayette county.

Secretary of State William Jennings Bryan said in a speech at Indianapolis that the democratic party can not stand with the saloon-keeper and for woman's suffrage at the same time. He predicted that suffrage would triumph and that John Barleycorn would be driven out of the United States. He further said: "A man who prefers the saloon-keeper's company to that of his wife should not be in the Democratic party long," said the Secretary. "If we are going to favor woman's suffrage we might as well go the whole hog and drive the saloon out of politics."

Attorney General James Garnett, of Columbia, writes letter to the Adair County News this week, in which he states that he will not be a candidate for the Democratic nomination for governor this year. This will be quite a surprise to many of Gen. Garnett's friends who had counted on him as a sure entry. He is one of the ablest officials of the state government at Frankfort, and would have had a wide following had he entered. The tip is out, however, that his declination to enter the gubernatorial race, is a certain indication that he will be a candidate for congress in the Eighth district next year.

The First Baptist church at Mayfield has passed resolutions placing the ban on dancing, cards, swearing, drinking and other forms of amusement. Members indulging in such pastime will be subject to expulsion or discipline. The Mayfield church is resolutions on things that every other church in the country have been fighting since the beginning of the christian era.

The Danville Messenger says that to date that paper has failed to get any clew as to anything toward building a hotel. Of course not. What's the use? With the St. Asaph and the Coffey House in full blast in Stanford, Danville has no place of the kind.

Forty minutes before the State-wide prohibition measure was signed by the Governor of Arkansas, Judge Asher, of Little Rock, granted the petition of the saloon men of his city for licenses, and fifty saloons opened in a shorter space of time than it has taken to tell the story.

Senator Smoot spoke eleven hours and twenty minutes in the filibuster against the ship purchase bill, but that attracted little attention as compared with what the junior Senator from Kentucky did, or rather didn't do.

They have gone to shipping whiskey into West Virginia in caskets. As long as it is made and sold the booze artists will have it and we suppose it has as much of the desired effect when drunk from the shell of a pumpkin as from bar-glasses, but we can hardly see how the taste is preserved. But then, what does the average booze graft in a prohibition State care for the taste when he can get the drunk-producer into his stomach and feel that he owns creation?

Three Pike county women have been indicted for selling their votes in the last school election. And the worst of it is, they only got a dollar apiece. Seems to us the entry of women into politics has more of the effect of lowering the price of floaters than cleaning the dirty game.

#### GREAT CROWDS HEAR COOPER

#### Our Fault Method of Living Produces Ill Health, He Says

Lexington, Feb. 18.

L. T. Cooper, the man, who created such a favorable impression in the big Eastern cities with his health theories and medicine, has attracted immense gatherings in Lexington, where the famous philanthropist has delivered a series of lectures in connection with his introduction of Tanlac, the medicine that is producing such remarkable results in Central Kentucky.

Probably ten or fifteen thousand have heard Cooper talk during the past few weeks. Possessed of an unusual amount of personal magnetism, Cooper seems to draw his crowds from all walks of life, and from everywhere in the Blue Grass section.

During the course of a recent lecture he said:

"Possibly the most prevalent and distressing condition known to we Americans is chronic catarrh of the mucous membranes. Catarrh of the stomach is the most frequent cause of dyspepsia, and catarrhal conditions in the nose and throat lead to inevitable deafness. Show a man, whose hearing is affected and I will show you a man who is suffering from catarrh."

"Frequently," continued the great student, "the lungs become diseased by the extension of catarrhal inflammation by way of the bronchial tubes to the lung substance."

"The mental and physical state of chronic catarrh sufferers is, indeed, very unfortunate, and it is really surprising to know what an immense number of people are suffering from this almost universal malady when they think something else is wrong with them."

Cooper then enumerated the numerous symptoms of catarrh, such as an offensive breath, constant sniffing, discharges from the nose, droppings in the throat, frequent sneezing, watery eyes, full head, headaches, depression of spirits, nervousness, unsound digestion, lost appetite and susceptibility to coughs and colds.

Cooper then told how the faulty methods of living produce rheumatism and kidney complaints. How the body, when the organs falter or fail fill up with poisons generated by one's own system.

He explained how Tanlac, the miraculous medicine, would combat these conditions as it had done among the thousands of sufferers in the East, as well as many hundred in Lexington, who had already used the preparation and found Tanlac an unfailing source of benefit. "Tanlac," he said, "builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence, and is a sound source of comfort to the aged and infirm."

Tanlac is sold in Stanford by Penry's Drug Store.

Night riders burned a negro chappel in Stewart county, Tennessee, near the Kentucky border, and attacked a number of negroes who were warned to leave the county.

Leaves Kidneys In Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very severe and leave the patient in a run-down condition, particularly the kidneys, which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root, which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root at ten cents to every person who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50cts and \$1.00. For sale at all druggists. Be sure to mention this paper.

### TOO MANY CHILDREN

are under-size, under-weight  
with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not play.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no alcohol and is so good for growing children it's a pity to keep it from them.

Cure Sick Headache, Constipation  
Biliousness, Sour Stomach, Bad  
Breath—Candy Cathartic.

Get a 10-cent box now.  
Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

No odds how sick, headache, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

### WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At  
Last Found Help in Lydia  
E. Pinkham's Vegeta-

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache."

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until I made a new woman of me, and now I can hardly realize that I am able to do much as I do. Whenever I know any woman in need of good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 314 N. Tulip St., Richmond, Pa.

## Mysteries of Rheumatism Practically Solved

Action in the Tissues of a Remarkable Antidote

S. S. is a Regular Wizard in Driving Out Rheumatism.

Rheumatism is often the effect of some other blood affliction that has left its imprint on the body. It works into the tissue cells, those tiny, little bodies in which nutrition goes on. And it is here that a most remarkable medicine known as S. S. does its most active and most effective work.

Its action is marvelous. Bedridden rheumatics get on their feet as if by magic. That cold, clammy sensation that made you hug a red hot stove is gone in a twinkling. That excruciating pain that made a muscle lay as heavy as a ton of coal in the skin is gone. You get up and dance with glee.

Your rheumatism is gone—absolutely! It is an actual logical fact, that Swift's Sure Specific flushes your blood, gives your entire blood circulation a fine twirling bath. It just naturally and in a twinkling irrigates every atom in your

M. J. Farris, of Danville, bought of Wm. Tamme his farm of 320 acres, 2 1/2 miles from Perryville, on the Lebanon pike, for \$18,000.

At McKee Bros.' tenth annual sale of Durac sows and gilts near Versailles this week, sixty-six head averaged \$91. Considering the quarantine, it is regarded as an excellent sale. The highest price was \$300 paid by Thomas W. Lawson, of Boston, for the Defender sow, Bonney Defender.

T. W. Jones of this city and Greely Lutes, of Turnersville, made a big hog sale to Old Coleman of Mercier City this week. They delivered to him 130 head of light hogs at \$6.40 a hundred pounds. The porkers averaged about 135 pounds. Mr. Coleman bought them for shipment to a big eastern buyer.

John E. Madden had sold to Richard Benson eight yearling thoroughbred colts. Mr. Benson was acting for his employer James Butler, of New York, for whom he raced a successful stable last season. Assistant State Veterinarian H. L. Casey, of Danville, was here this week, advising with local cattle feeders as to which markets they can ship to. Dr. Casey says that the trouble for local feeders is not so much the matter of shipping to Cincinnati but the difficulty against shipments out of that market. Commission men are unwilling to receive shipments there for export to eastern markets as the quarantine is still on against Cincinnati.
